15 SEP 2008

Good afternoon Mr. Alvarado,

After verification, the International Filing Date is indeed 08th December 2004 and not 03 December as erroneously indicated at the time of International Publication. We corrected our mistake and put the file on a next republication list at the end of December. We apologise for the inconvenience that may have been caused.

Best regards,

The United States was the receiving office for PCT/US04/040977. According to the US records, the application was filed on the 08th December, 2004. I believe that at the time of publication the incorrect filing date, 03 December, 2004, was inserted. In addition, the International Bureau has sent the applicant documents with the filing date as 03 December, 2004. I shall be grateful if the International Bureau will make the necessary corrections. If you aren't the person who deals with my problem, please direct my request to the correct department. Thanks in advance.
